

# Lawmato

Lawmato's mission is to help lawyers grow their practices by providing technology to connect them with paying clients. . .not leads. . .while helping clients find the right lawyer. Lawmato's website, iOS app, and Android app for clients and lawyers to connect and meet for virtual consultations.

## The Lawmato process is simple:

1. Paying clients can search for a lawyer in their area based on the legal issue
2. Clients see what the lawyers charge for consultation as well as experience and areas of specialty
3. Lawmato messages the lawyer advising of a potential new client
4. Lawyer completes the conflict check process
5. Lawyer sends engagement letter via Lawmato
6. Lawyer sends dates and times available for a virtual consultation
7. Client chooses and confirms the consultation appointment time by submitting her credit card information
8. Lawmato sends reminders to the client and lawyer – 30 minutes prior to the consultation then again 5 minutes prior to the consultation
9. Virtual consultation is held between the client and lawyer via Lawmato
10. After the end of the consultation, the client's credit card is charged
11. Credit card processing fees and Lawmato's \$40 technology fee are deducted from payment
12. Lawyer is automatically paid for the virtual consultation!

Lawyers do not pay to use Lawmato until the consultation is completed and the client has paid. Our lawyers love the platform and opportunity to acquire new paying clients and help people and businesses with their legal matters.
